## Sharing the stories of our time together

We sometimes capture photos, videos, or shared reflections as a way of honoring the life of this community and remembering the beauty of what unfolds here. These moments help us tell the story of the work, invite others who may be called, and keep the spirit of the retreat alive beyond the time we spend together.

Please read with care and check the box below if this feels aligned for you.

During the retreat, moments may be captured through photography, video, or written or spoken reflections. By offering your consent, you allow the Hosts, the Retreat Center, and their collaborators to use media that includes you in thoughtful and respectful ways. This may include sharing on websites, social media, or other materials that support the retreat, its offerings, and its mission.

You understand that these materials may be edited or shared alongside other content, and that your name may be included if appropriate. This permission is offered freely and cannot be withdrawn once granted.

By consenting, you release the Hosts and Retreat Center from any claims related to the use of this media, including matters of privacy or publicity.

You affirm that you are 18 years or older, able to offer consent, and choosing to do so willingly. By checking the box, you acknowledge that you have read and understood this agreement and feel comfortable offering your permission.
